

Flexible Corporate Wellness Programs

Customized for Organizations Who Need Strong, Structured Program Management

Corporate Health Partners' (CHP), in cooperation with CoreHealth, is now offering programs customized for organizations who have struggled with maintaining consistent, effective wellness programs and need more support on a systematic basis with powerful reporting tools. These comprehensive services, based on our **Pathfinder** bundle, are designed to drive short-term results on the most at-risk populations while moving the entire population to a culture of wellness.

Your dedicated Program Manager will collaborate with your organization, drawing from a set of services that can be coordinated to form a highly personal program, based on our **Pathfinder** bundle.

Pathfinder

Tailored to each company's needs and goals, this bundle is the perfect way to reward your employees for engaging in healthy behaviors while fostering a culture that supports lasting, positive change. CHP does all of the heavy lifting to manage the Pathfinder program and tailor it to your specific goals.

With weekly meal plans, an ongoing health newsletter and incentive management, Pathfinder's year-round health promotion lays a great foundation for building a comprehensive corporate wellness program.

Employees with both high Engagement and a sense of Well-Being are 30% less likely to miss work, show a 20% boost in productivity and are more likely to recommend the company.

Pathfinder

Includes:

Program Management

A dedicated Program Manager (PM) will be assigned to your organization and will assist with:

- Review & planning sessions with your team
- Personalizing the wellness platform to meet your unique needs
- Strategy on wellness program elements, incentives, engagement and communication
- 3-Touch-Communication reinforcement: on-site signage, employee meetings, digital communication

CoreHealth Wellness Portal

Available to all of your employees and personalized with your company logo. Key features include:

- Online education
- Social/peer support
- Participant goal setting and action plans
- Program compliance tracking
- Step syncing
- Participant self-reporting
- Online challenges
- Form upload

Online Wellness Assessment/ Health Risk Assessment

A census of client employees is imported into the CoreHealth platform and each employee is assigned a unique Member ID to complete and access their Wellness Assessment/HRA.

Culture-Building & Engagement

Your dedicated PM will work with you to:

- Establish effective and relevant Healthy Break (group education) topics
- Craft fun challenges for your population
- Conduct 6 Healthy Breaks and 3 challenges each year
- Work with you to create a cross-functional wellness team and manage the programs

Reporting

Your PM will provide the following reports:

- Monthly progress reports
- Annual Client Review to present progress, areas of concern, and recommendations on future programming
- Other reports tailored to provide relative data on your unique population

Optional Add-Ons:

✓ Individualized Coaching

✓ Health Screening

✓ On-site Visits

Getting Started

The CHP Pathfinder program **starts at just \$7 PEPM** for smaller teams and **decreases** as populations increase to **as low as \$3 PEPM** for populations above 2,000.

When you are ready to begin your journey towards a lasting culture of wellness, **contact us for a free assessment** of your needs and opportunities.
